## The Global Marketplace for the Indian Travel Economy

India is emerging as one of the world's most powerful travel markets. The country's travel and tourism sector contributed nearly **\$199 billion to the economy in 2023** and is projected to exceed **\$500 billion by 2030**. With over **1.8 billion domestic tourist visits annually** and a rapidly expanding middle class, demand for both domestic and international travel continues to surge. India's outbound travel market alone is expected to reach **100 million travellers by 2040**, supported by one of the fastest-growing aviation sectors globally. **SATTE brings together global destinations, tourism boards, airlines, hotels and travel professionals**, creating the leading platform where the world connects with India's dynamic travel economy.

**Shri. Gajendra Singh Shekhawat,**  
*Union Minister of Tourism & Culture, Govt. of India.*

*Over 33 years, SATTE has shaped industry conversations, fostered partnerships, and expanded tourism across India and Asia-Pacific. Today's gathering is significant as India's tourism has arrived on the world stage as a powerful force of growth, innovation, and global influence.*

While many travel shows focus on a single segment of the industry, SATTE stands apart as the only platform that brings together the entire Indian travel ecosystem — connecting global destinations with India's rapidly growing outbound, inbound and domestic tourism markets.

New Delhi provides SATTE with a distinct strategic advantage as the host city for South Asia's and India's No.1 travel trade exhibition. As the capital of India, Delhi is the centre of tourism policy, diplomacy & international engagement, housing the Ministry of Tourism, national tourism bodies and over 150 embassies that actively drive global tourism partnerships. The city is also home to Indira Gandhi International Airport, one of Asia's busiest aviation hubs with direct connectivity to major global destinations.

Positioned at the gateway to India's most iconic tourism circuits including Agra, Rajasthan and the Himalayas, Delhi places SATTE at the heart of the country's inbound, outbound and domestic travel ecosystem, creating unmatched opportunities for global tourism businesses.

# SATTE: Connecting entire travel ecosystem

**Smt. Anita Mendiratta,**  
Special Advisor to Secretary General of UN Tourism & Global Tourism Leader.

*Being at SATTE this year is incredibly special as tourism is being reshaped—not by where or what, but by why people travel. This conference is vital for unlocking Incredible India's potential and strengthening global connections. It's an honour to be here, and I look forward to the incredible impact this event will create now and in the future.*

SATTE serves as the meeting point for the entire travel and tourism ecosystem, bringing together global destinations, national and state tourism boards, airlines, hotels, cruise companies, travel technology providers and industry leaders. The event connects these suppliers with India's most influential travel buyers including travel agents, tour operators, corporate travel managers, MICE planners and luxury travel specialists. By integrating inbound, outbound and domestic travel markets on one platform, SATTE creates a comprehensive marketplace where global tourism businesses can engage with the rapidly growing Indian and South Asian travel economy.
